## TOUR OF THE SMARTSHIP AUSTRALIA SHIP SIMULATOR

[www.smartshipaustralia.com](http://www.smartshipaustralia.com)

Queensland  
Government

### About Smartship

Maritime Safety Queensland's Smartship Australia is a centre for excellence in maritime training. The purpose built facility supports full mission, high-fidelity simulation through the use of five simulators, including two full mission bridge simulators and a tug specific simulator.

Smartship is a unique training tool where emphasis has been put on an efficient transfer of skills through very realistic simulations of:

- ship manoeuvrability
- port and fairways
- environmental factors such as wind, current, tide, rain, fog and day/night conditions
- equipment malfunctions
- top quality high-definition visuals

### Date

Wednesday 10 August 2011

### Time

5:30pm

### Venue

Smartship Australia Ship Simulator  
Da Vinci 3.03, Boronia Road  
Brisbane Airport Qld
