## MLAANZ NSW 2015 Biennial Mini Conference

On 27 February 2015, MLAANZ NSW held a successful mini conference in picturesque Bowral. The conference opened with an interesting and erudite keynote address by the Honourable Chief Justice James Allsop AO on the international maritime security regime.

A superb line up of speakers went on to cover a wide range of interests, including limitation of liability, commercial vessel regulation, the arrest of bunkers, the impact of the world economy on the marine insurance market, ethics, arbitration agreements and seaworthiness. The conference was well attended, and provided an excellent opportunity for those involved in maritime law to network and exchange ideas.

The conference was followed by a Gala Dinner at Peppers Craigieburn where conference delegates and their guests enjoyed a pleasing dinner and great company.
