

MLAANZ NSW Branch

(ABN: 97 054 763 923)

CHAIRMAN'S REPORT

This year has been unfamiliar. Limited opportunities to advance the objects of the MLAANZ due to pandemic-related restrictions has meant that the NSW Branch Conference in Sydney was cancelled, and no other activities have been scheduled. Nevertheless, the Committee has worked consistently with an eye to the future and I am confident that the branch will adapt to the challenges of the times and continue to advance the objects of the MLAANZ.

I wish to express my sincere gratitude to the Committee for their work and collegiality over the last few months in particular. One cannot be reminded too often of the importance of friendship and professional spirit which underpins the workings and resilience of the Branch, and the profession generally.

The Committee looks forward to working together with all Branch Members in 2020/2021. Should any Branch Member wish to contact me or other Committee Members with suggestions for events or new initiatives then please do not hesitate to do so.

Yours faithfully,

A handwritten signature in blue ink, appearing to read "Charlie Street", is written over a light blue horizontal line.
