## Ann Fenech Recognised

Comité Maritime International (CMI) president and Fenech & Fenech Advocates partner and head of marine litigation Ann Fenech was this November bestowed with honorary membership of the Italian Maritime Law Association (MLA).

The presentation took place during the association's AGM, held in Genoa, and was followed by a seminar during which Ms Fenech was interviewed as to her thoughts on the role of the CMI in today's ever-evolving maritime environment.

The event also featured special anniversary celebrations to mark the Italian MLA being founded 125 years ago.

Fenech & Fenech Advocates in turn offered congratulations to the Italian MLA on the "achievement of such an important milestone".
