

# SEMAPHORE

Newsletter of the Maritime Law

Association of Australia and New Zealand

## Registration Pending for Exciting Conference Program

In the previous edition of Semaphore, we issued a “Save the Date” for the 47th Annual MLAANZ Federal Conference, taking place between October 12-14, 2022 in Brisbane.

Keep those dates locked in as we now have a fabulous venue booked in at the Global Change Institute, at the beautiful sandstone University of Queensland (UQ) with an opening cocktail event at the UQ Art Museum and a gala dinner at Customs House.

Continuing with our theme of “Sustainability in Shipping”, the topics range from biofuels and plastics in the ocean to cruise liner class actions from COVID-19, modern slavery and the Maritime Labour Convention, and more.

Illustrious speakers confirmed to date include:

- Emeritus Professor Nick Gaskell, University of Queensland
- Professor Sarah Dunlop, Mindaroo Foundation
- Professor Chari Pattiaratchi, UWA Oceans Institute
- The Honourable Justice Sarah Derrington, Federal Court of Australia
- Dr Zoumpoulia (Lia) Amaxilati, Swansea University
